

JEINER ARENAS PEREZ

Desarrollador Backend | Java, Spring Boot, SQL, GitHub

Junior Software Developer graduated from SENA, focused on backend development using Java and Spring Boot. Hands-on experience building secure REST APIs, implementing JWT authentication, Spring Security, and working with PostgreSQL databases. Completed a professional internship at Publicis Groupe and developed personal projects that demonstrate real backend architecture, security, validations, and data persistence. Seeking a Junior Java / Backend Developer position.

PROFESSIONAL EXPERIENCE

Junior Developer Intern

Mar 2024 – Sep 2024

Publicis Groupe — Remote

Mar 2024 – Sep 2024

- Designed and documented **REST API endpoints** for internal microservices.
 - Developed backend features for **internal applications** using Power Apps.
 - Managed and optimized **SQL databases**.
 - Contributed to **process automation and system improvements**.
 - Worked in **Agile teams** with multidisciplinary members.
-

PERSONAL PROJECTS (BACKEND / FULL STACK)

2024 – 2025

Homework Management API – Backend Developer

- Developed a **secure REST API** for task and user management.
- Implemented **JWT-based authentication and authorization** using Spring Security.
- Full CRUD operations for tasks and users.
- Password encryption using **BCrypt**.
- API documentation with **Swagger (Springdoc OpenAPI)**.
- Data persistence using **PostgreSQL and Spring Data JPA**.
- Custom validation and error handling.
